WORK CAPABILITIES

CUSTOM MODULAR BUILDINGS

MBSI is leading the change in the custom modular building industry throughout the southeast by being a major contributor to improved quality standards, product development and impeccable service. We have the knowledge and capabilities to provide our services to different sectors in the industry including government contracts, SCIF buildings, healthcare buildings, administrative & commercial spaces, dormitories, academic & institutional facilities and hospitality construction.

INFLEET MODULAR WORK SPACES

MBSI provides high end, energy efficient temporary/ fleet buildings for immediate workspace solutions. We can meet any space needs from single buildings to multiunit modular complexes. Spaces can be configured to meet any of our customers' needs in different sectors such as construction sites, administrative offices, educational facilities etc. We offer turnkey services for the convenience of our customers as well as provide additional services such as ramps, decks, awnings, canopies skirting, low voltage electrical, plumbing and FFE solutions.
